

Edi

Buckle

Allows the collar to be easily opened and closed to put on or remove from the dog.

Strap

Provides a secure and comfortable fit around the dog's neck.

Available in multiple colors (pink, blue, green, yellow) for personal preference.

Adjustable mechanism

Allows dogs of various sizes to fit into the strap.

Main Device Module

Internal

Contains sensors including an accelerometer, gyroscope, photoplethysmography sensor, and BLE (Bluetooth Low Energy) to monitor dogs with CCD.

External

- Power button: Allows the user to turn the device on and off.
- Edi logo: Displays the Edi brand.
- Name display: Shows the dog's name, which is customizable via the Edi application.
